HB4079

Dear Chair and Members of the Committee,

I support HB 4079. Children should not fear abduction while attending school, which is why for 30 years the Federal government didn't conduct operations in sensitive areas such as schools, hospitals, and churches. Children cannot learn when they fear abduction of their friends, themselves or their family members.

Currently, children are being used as bait to detain family members. Teachers are lied to in order to get them out of the school and to detain them. The law requires due process, but that is being ignored.

Sincerely,

Angela H.
