Committee:

Senate Committee On Health Care

Measure, Appointment or Topic:

SB1570

ICE is terrorizing my community to the point people are afraid to receive basic healthcare. A place meant to be one of rest and care is now a zone of terror. If people aren't even safe to receive medical care, we have been completely overrun. Privacy in healthcare is a right, and ICE shouldn't have allowance to trample that. Caregivers should have protection against retaliation for sharing know-your-rights information. Keep ICE out of hospitals and ensure the right to privacy, dignity, and care.
