The residents of Oregon have consistently rejected a sales tax, and recently, a transportation tax. It is astonishing that our elected representatives have the audacity to disregard the will of the voters repeatedly to attempt to enact a sales tax and increase taxes when it is evidently not what the people desire. Our primary concern is that you effectively manage the funds we have already allocated to you. We do not advocate for any new or increased taxes. This bill is a deceptive strategy to seemingly reduce taxes temporarily while simultaneously creating a concealed pathway for future tax increases when we are not vigilant. We firmly oppose this proposal.
