

Submitter: Sheila Thompson

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or Topic: SB1541

This bill will cause the cost of everything to raise in an already struggling Oregon. You can not buy your way out of climate change. This is particularly harmful to rural Oregon and lower income families. There are already fees attached to fuel that the Governor forced on us by EO, this just replicates those fees.

Again you can not buy our way out of climate change!

As an Oregon constituent I am asking that this bill be voted down.

Please vote NO.
