I depend on my little Valley Flora farm for the majority of our fresh produce. If this farm and others like it disappeared what will I and other like minded folks do?? This bill will force us to buy pesticide laden commercial veg and fruit at ridiculous prices. \$9.00 a pound for a mushroom. It's totally insane. Do not pass this bill. You will harm so many people. No problem putting your head on the pillow at night. Sleep well??no concern for the health and well being of Oregonians?? Still support the maniac in DC????? Do your job. You are there to take care of us not destroy us.
