I'm truly sad that all we do in Oregon is look for ways to take from those working their hands to the bone. The leaders in this state forgot that they work for us and live in their castles. We do not need another tax and fundamentally we need to stop the spending and reduce the government roles we have. It's not fair when I can't afford to buy gas, or food for my family I can't force my work to pay me more. I swear the Democrats have lost touch with reality in this state it's been ran into the ground the last 40 years. We need change in this state it's an authoritarian state and getting worse each year the dems keep saying they will fix this but they have owned this for 40 years!!!
