"To: Oregon Leaders,

The Bay Area Hospital needs your assistance and SUPPORT for its re-stabilization plan, including the H.B.4075 plan for refinancing. The disciplined recovery plan of the last few months has shown its potential for lasting financial independence.

I am a cardiology patient of Bay Area Hospital and have had different doctors and nurse practitioners serve me over the past couple of years. This is disconcerting. I want to see the same doctor for every appointment. The hospital is recruiting cardiologists but this is an expensive process. They money they are asking the State Treasurer for will assist them in this process. We not only need cardiologists, they need nephrologists, we have one in the Coos Bay area to serve our entire population. Their plan to recruit doctors will stabilize health care in our area.

Please do what you can to save the Bay Area Hospital.

Best regards,
Judy Moody
