

Submitter:

sara ramos

On Behalf Of:

Committee:

House Committee On Agriculture, Land Use, Natural Resources, and Water

Measure, Appointment or

HB4153

Topic:

We Need farmers who know how to care for the land. Not strip it of nutrients. Local farms provide consumer access in a sustainable manner, it can be educational, improve health and our human to earth connection. Our local small business farmers are important and we need to support them or our world is going to become like the movie WAL E . Huge company farming destroys the land. Small local farms preserve and connect us
