Measure, Appointment or HB4153  
Topic:

My name is Laurie Prouty and I live in a small town, Port Orford in southern Oregon. We rely on local food production. I strongly oppose HB4153!! Small farms should not be penalized, they help create community and provide a needed income for the families growing food. We need to support more local growers and not count on the big farms that have to truck, fly, ship food from far away. The more local the better. PLEASE do not create such a burden on small farms! This bill is not sensible for Oregon.

Thank you,
