Measure, Appointment or Topic: HB4134

My name is Christine Mellon and have lived in Central Oregon since 2014. I am writing in strong support of HB 4134 with the -1 amendment to increase the state lodging tax by 1.25% and help recover Oregon's most vulnerable fish, wildlife, and habitats.

Our state contains so much natural beauty. Our native fish, wildlife, and diverse habitats—including the high desert and sagebrush steppe—are central to what makes Oregon special and to why people choose to live, visit, and recreate here.

I want to protect the natural environment for future generations. HB 4134 provides long-term, dedicated funding for conservation. This bill would secure sustainable funding to recover Oregon's most at-risk species and habitats, including sagebrush ecosystems, connected wildlife corridors, and resilient landscapes that support biodiversity statewide.

Oregon's outdoor recreation and tourism economy depends on healthy lands and waters. The outdoor economy contributes 2.6% of Oregon's GDP, supports 192,000 jobs, and generates \$16 billion in consumer spending.

We cannot have a strong tourism economy without healthy ecosystems. Protecting fish, wildlife, and habitats is not separate from economic vitality—it is foundational to it. Investing in conservation now supports local communities and long-term economic resilience.

State leadership is especially important right now. As federal funding and protections for wildlife and habitats are reduced, Oregon has an opportunity—and a responsibility—to step forward and invest in its natural legacy. HB 4134 would make Oregon a national leader. By passing this bill, Oregon can set an example for how states can proactively protect biodiversity, reduce wildfire risk, support wildlife stewardship, and sustain healthy ecosystems.

Thank you, Christine Mellon
