

Submitter: Thomas Van Hevelingen

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB4134

Hi there,

I've lived here in Oregon just about my whole life and I am in support of this bill and the -1 amendment because I believe investing in our wildlife and our ecosystems will make Oregon a safer, more pleasant place to live. If we invest in the outdoors then Oregon will be a more appealing place to visit and more folks will want to come and spend their money here.
