Gabriella Francolla

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

I am in full support of the increase of the transient lodging tax to help conserve Oregon's wildlife. The nature and wildlife in Oregon is one of our most important resources and the reason why so many people love visiting Oregon. Investing in our wildlife and ensuring their protection is so important. However, it also will support continued tourism to Oregon for generations to come.
