This bill is misogynist, racist, and xenophobic.

As a mother of four and a former dairy farmer, I OPPOSE this bill. The LAST thing mothers of Oregon need is MORE REGULATIONS restricting how to supplement family income by limiting farm stands. Farm stands not only supply much needed family income, but a superior homemade product not readily available to rural populations. Also, these stands enable families to buy small parcels of lands with their homes that create the ideal environment for raising children: The original dream that brought settlers west to our state. Finally, if Oregon is going to continue to be a sanctuary state they need to allow undocumented persons to earn an income outside of regular employment. VOTE NO ON HB4153!
