Committee:

House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or

HB4153

Topic:

Why must small producers be singled out. There are costs to producing our food. Even for small producers. They should be able to sell some of what they produce. With the average age of farmers going up, we should be making it easier for young people to get into farming or who will have the knowledge & experience to grow our food 10 or 20 years from now.
