House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or
Topic: HB4153

You can't not allow these small farms to open themselves up to the public. They teach children the value of farming. They teach children the value of hard work. I grew up working on an apple orchard. Many children came through our farm and learned so much. It's invaluable family time as well. Let alone allowing these farms to earn income they wouldn't be able to earn just farming.
