

Submitter:

Nicholas Swartz

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

My name is Nicholas Swartz, and I was born and raised in Portland. I strongly support HB 4134 and the fight to preserve our beautiful Oregon deserts. I think many Oregonians share the sense of pride and wonder that I feel whenever I travel east of the Cascades. Imperiled species like the sage grouse and Lahontan Cutthroat Trout are vital members of that ecosystem and must be prioritized in the legislation. We as a state can obviously no longer rely on federal funding to consistently support the things that we love about our own state. Lets take action and fight to protect what matters most.
