To: House Committee On Commerce and Consumer Protection

Chair Sosa, Vice Chairs Chaichi and Osborne and Members of the Committee:

My name is Annie Naranjo-Rivera, and I serve as the State Director of the Oregon Working Families Party. We are a grassroots, multiracial political organization made up of community-based organizations and unions committed to building a society that works for all of us—not just the wealthy and well-connected. We advocate for economic justice, racial equity, and a democracy that centers working people and their communities.

I write today on behalf of the thousands of working people we represent across Oregon in strong support of the 2026 Immigrant Justice Package (IJP), including:

- HB 4114 – Protect Your Door Act
- HB 4138 – Law Enforcement Accountability and Visibility Act (LEAVA)
- HB 4117 – Universal Representation & Children’s Stability Fund
- HB 4079 – Safeguarding Students and Families
- HB 4111 – Immigrant Anti-Discrimination Protections
- HB 4150 – Public Contracts Prohibition
- SB 1587 – Stop Data Brokers from Sharing Our Information
- SB 1570 – Healthcare Without Fear
- SB 1581 – School Meals for All
- Emergency Food Benefits

- Oregon Hunger Response Fund
- Protecting SNAP funding
- Maintaining the Healthier Oregon Program

Across Oregon, the recent increase in horrifying ICE activity and so-called “immigration enforcement” has created widespread fear and instability in our communities. Immigrant Oregonians, our families, and whole communities across the state have been terrorized and targeted by violent and lawless ICE sweeps, resulting in community-wide fear and devastating family separations. This unacceptable federal overreach impacts immigrants and non-immigrants alike. The reckless federal attacks demand a strong, unified response. Oregonians know we must push back. When immigrant communities are targeted, families struggle, our economy suffers, and critical systems are pushed to a breaking point.

The Oregon Working Families Party knows that Oregon taxpayers don’t believe that their money should fund family separations and the federal government’s radical agenda. *As it stands, a company can currently receive public subsidies or contracts while simultaneously engaging in immigration enforcement activities that contradict Oregon law and our shared values.* This is an unacceptable situation and we look to our state leaders to act to reign this in.

For this reason, the Oregon Working Families Party strongly supports **HB 4150–Public Contracts Prohibition** and urges the Legislature to advance the full Immigrant Justice Package (IJP).

Thank you for your time, leadership, and commitment to the safety and dignity of all Oregon families.

In solidarity,

Annie Naranjo-Rivera
