

Subject: Support HB 4153 - Please Protect Oregon's Farmstands and Agritourism

I'm writing to ask you to support HB 4153 to protect Oregon's farmstands and agritourism. Many, many families enjoy visiting and making memories at local farm stands and agritourism events. Oregon is a special place where you can "u- pick" strawberries and apples, enjoy a farm-to-table dinner, visit a pumpkin patch, walk through flower fields, and many more experiences.

These farms create local jobs, strengthen our rural communities, safeguard Oregon's rich agricultural heritage and deserve our support.

HB4153 will protect farm stands and agritourism as it provides farm permit holders with clarity, efficiency, and support to educate visitors and sell to the public.

We need to ensure Oregon remains a place where agriculture and community thrive together. Please support Oregon agriculture, farmstands, and agritourism businesses and support HB 4153.

Thank you for your time.

Sincerely,

Dana Estensen  
Silverton, OR
