My favorite time of the seasons are going to our local farms to visit the scenery, the people, and to experience harvesting and farming in a way that you don't get in town or the city. Every weekend I will go to Topaz Farm and enjoy U pick of various berries and produce. From visiting their farm store to another farm or farm stand. To exploring the farm vendors are at the local farmers market. Let's keep these wonderful and healthy experiences available for everyone. Please keep our farms big or small around to thrive. I am against the bill HB 4153.
