Gabrielle Orsi

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

I'm a resident of Bend, OR, and I'm writing in strong support of HB 4134, the amendment to increase the state lodging tax by 1.25%. This will help restore Oregon's most vulnerable fish, wildlife, and habitats, which are an essential part of what makes our state a unique and beautiful place. Oregon's biodiversity and natural landscapes are not a "nice to have" - they are a "must have" for our current quality of life, for economic opportunities such as tourism, and for future generations.
