

Submitter:	Hugh Hague
On Behalf Of:	Oregon Outfitter and Guides Association
Committee:	Senate Committee On Judiciary
Measure, Appointment or Topic:	SB1517

My family and I have been offering multi day Wilderness Rafting and Fishing trips on the Lower Rogue River for 52 years. We stand in opposition to this bill. As a small family owned business, we can not afford to be exposed to higher insurance rates as well as the possibility of a law suit. Our industry comes with inherent risk. It only makes sense that our guest's understand that and accept those risks in order to participate. We only want what every other state in the West already has. Thank you for your consideration.

Hugh Hague, Owner - Noah's Wilderness Adventures
