Honorable Chair and Members of the Committee,

I am writing you in support of this bill HB1594, because I have concerns about the preparedness of our state institutions to deal with the presence of ICE and Border Patrol now roaming America's cities leaving fear and chaos in their wake. I will feel more secure knowing that the public places where I, my friends and family work and frequent have in place policies and procedures that they can utilize if ICE were to show up at their door. And how efficient to have a model that any agency could use from which to develop their own! Excuse this all too real comparison, but it's like disaster preparedness- an excellent idea. But seriously, please vote to support HB 1594. Thank you.
