Condon, Oregon 97823

Dear House Committee On Revenue:

I grew up in Oregon and have camped all over eastern and southeastern Oregon. I value our beautiful state, and we are fortunate to have wild and scenic areas to visit, camp, fish, hunt in.

I bank with a regional bank and expect them to support the beauty of our state, the same as I support my bank by choosing to do business with them because they are local.

My question to business and Oregon citizens is, what will we leave future generations?

Sincerely, Maxwell J Klare
