

Submitter:

John Nelson

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

It is rare or perhaps unheard of to dedicate funds in support of our imperiled lands, waters, and wildlife. Such groups as SWAP, Oregon Conservation and Recreation Fund, ODFW's Wildlife Connectivity Program, Invasive Species Response, Wildlife Stewardship Program, and Oregon Conservation Corps, an investment into wildlife risk reduction, community resiliency, and natural resources workforce development would all be supported. This is a bipartisan bill supported by both parties, a worthy testimony in support of this bill HB4234. Please advocate for and pass this bill.
