

Submitter:

Bill Marlett

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

Dear Committee members,

Please support HB 4134.

I have lived in Bend since 1984 and have witnessed the stress on the environment and habitat loss due to our rapidly growing population. Oregon needs to keep pace with the impact of growth and The resulting loss of wildlife habitat with a stable and reliable source of funding, or we will continue to lose what makes Oregon special.

Thank you for your attention to this critical issue.

Regards

Bill Marlett .
