Over 200,000 Oregonians signed signature sheets demanding the GAS TAX measure go on the November 3, 2026 ballot, as explicitly stated on the signature sheets.. Now Salem want to retroactively move the goalposts.

That's not democracy. That's rigging the system. And it looks a lot like voter suppression!

We want it on the November ballot as stated on the Referendum sheet, thus providing more Oregonians the time to weigh this very important decision about these new tax increases. The November ballot would ensure that more voters get time to consider and weigh in on this Bill which will have a large impact on their individual finances.
