House Committee On Revenue

Measure, Appointment or Topic:

HB4134

As a regular visitor to Oregon, and likely transplant in the near future, I am writing in support of the bill to modestly increase the lodging tax in Oregon. My family visits and spends money in Oregon on a regular basis, every year, and we have been for the past 10 years. We come for the enjoyment of the beautiful natural spaces and diversity of landscapes available to visit. From birding at the Malheur National Wildlife Refuge and fishing/birding on the Oregon Coast, to backpacking and camping along the sagebrush expanses and Owyhee River in the remote southeastern corner we happily contribute to the economy of every small town and city we encounter. Please vote to support this bill that will result in a winning outcome for all involved.
