On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

Chair Nathanson and members of the House Committee on Revenue,

I support raising the lodging tax rate in Oregon to secure funding for conservation. There are tangible economic benefits, including but not limited to bolstering tourism. For myself I am more interested in impact on wildlife. Funding will help preserve and restore habitat for threatened species and increase our state's fire readiness.

Please pass this bill and secure protections for our nonhuman friends and neighbors.

Thank you,

Shadrach Wood
