Measure, Appointment or Topic:	HB4134

Dear Legislators,

HB 4134 provides long-term, dedicated funding for conservation. Tourists to Oregon come, in most cases, expressly to enjoy the beauty and the products of our lands and wildlife. A small tax on these visitors will help immensely to preserve the reasons they come, and the treasures that are unique and special to Oregon.

A small visitors tax is so little to ask, for so much benefit to all.

PLEASE SUPPORT HB 4134.

Thank you,  
Diana Lett
