I do not totally understand this bill and it hurts some farms and not others. Some are saying to support it and others to oppose it. I just want all my favorite farms like Wooden Shoe to be able to continue operating as they do now. And I don't want to hurt farms that are smaller than them that are doing similar stores. I want to be able to get produce and flowers from small farms and enjoy the agricultural tourism of places like Wooden Shoe and Adelmans. The farms small and large are a fabric of what makes Oregon great. We love our farms! Please help us keep them around. Don't support the big ones and box out the small ones. We love them all.
