SB1599

We know the goal of moving this to May is politically motivated to protect the governor and the democrat super majority. Increasing taxes to fund the governors pet projects while you neglect basic services is not acceptable anymore. You collect enough taxes already. We want you to be more responsible with what you have. Leave that on the November ballot so we can all vote on it, and reflect if we are ok with the status quo of democrat super majority and governor. We are absolutely fed up with tax and waste. Time for a change
