Committee: Joint Special Committee On Referendum Petition
2026-302
Measure, Appointment or
Topic: SB1599

When I as a voter signed the petition, it was clear on the document it was intended for the November election. The acceptance of the referendum was as a whole, not in part. You don't get to pick and choose the parts you want to keep. The inclusion on the November must be honored. We've already submitted the 250,000 signatures for it to be as such, and it was accepted by the Secretary of State in December.
