2026-302  
Measure, Appointment or SB1599  
Topic:

It is my understanding that our Senators and Legislators are in office to represent we the people. When a proposed tax bill is opposed in record time by 3x the required people, that should tell our representatives that Oregon has spoken.... Loudly. We expect to be heard.

The referendum was written up specifically for the November election. 250,000 Oregon residents signed to put this referendum on the November ballot. To defy the wishes of the people for your convenience, to save face, to suit your own wishes, is NOT listening to we the people.

This referendum should remain on the November ballot and this attempt to undermine and subvert the will of the people proves just how far off purpose our senate and legislature has become.
