I do not agree with the above. I am one of those oregonians who signed that petition and donated to the cause to have the transportation tax put on ballot. Clearly the current majority administration is ignoring their constituents. I expect it to be on Novemebr 2026 ballot. I want the ability to tick the no box on transportation tax when I vote yes for a canidate other than kotek. . Every oregonian should have the same opportunity to be reminded of ineffective legislation, and question themselves before they tick the yes box for Kotek. The biggest voter turn out will be on the governor's race in Novenber.
