Measure, Appointment or SB1541  
Topic:

Wait....

You want to put money into a fund.  
for...  
Climate Change?

Does this money go to China, who has the worlds worst emissions, or to India, who is a close second?

What does this fund provide funding to? Is it to keep our trees from working too hard?  
Do the trees need income equality?

Stop throwing out phrases like "Climate Change" when what you are describing is "weather".

I oppose this and any legislation of this design because it is STUPID and unnecessary.

Do Better.
