I strongly disagree with this measure. It is a political move only, by the Democrats and unconstitutional. This is exactly why they all need to be removed from office, including Tina Kotek, and a new Oregon Government needs to be built. They are not for the people, they are only for themselves, as was evident when Tina Kotek spent 2 million dollars on a so-called business trip where she tried to undermine the American Government, and the President that we the people voted into office, all while trying to implement more taxes on Oregonians because we have a staggering budget deficit she created. They seem to forget that it is our taxpayer money they spend, our taxpayer money that funds their paychecks, and they represent us, not their own interest and agendas.
