Re: Support for House Bill 4149

I am submitting a letter in strong support of HB 4149, which strengthens Oregon's protections for students experiencing homelessness. This bill supports immediate enrollment, school stability, transportation, and clear dispute resolution – practical measures that keep students connected to education during housing crises. Ensuring that homeless youth have successful and quality educational outcomes is an investment in everyone's future. I urge your support for HB 4149.
