

Submitter:	Michelle Kaseberg
On Behalf Of:	myself
Committee:	House Committee On Revenue
Measure, Appointment or Topic:	HB4134

I want to go on record that as a commissioner, and a landowner and rancher with animals, I support the efforts of this bill in helping to fund financial compensation to those producers that have had losses of livestock due to wolves. To me, this is the fastest way to increase the financial support. For this effort to stand alone, it will never pass the current legislators, thus we need to work with the other natural resource agencies. For all to sign on and support this bills, lends credence that there is a problem. Please join me in supporting this bill
