

Submitter: Delores Porch  
On Behalf Of:  
Committee: House Committee On Agriculture, Land Use, Natural Resources, and Water  
Measure, Appointment or HB4006  
Topic:

This bill would upend years of changes to water basin management that is trying to stave off the effects of bad law, poor decision making and outright greed. It affects the Columbia River where federally listed salmon and steelhead try to survive. It will undermine the lower Umatilla basin groundwater management area and, therefore, nitrate infiltrations which are harmful to human health. This bill is bad law.
