

Submitter: Jack Dodson

On Behalf Of:

Committee: Senate Committee On Natural Resources and  
Wildfire

Measure, Appointment or Topic: SB1541

This bill would require major fossil fuel companies to pay their fair share for climate disasters in Oregon. As a young person, I know climate change will make things a lot worse for my future. Making fossil fuel companies pay for the damages they cause instead of Oregonians like me is the right decision. Oregonians already have to suffer from the climate disasters these companies have caused. Don't make us pay twice by offloading recovery costs on us. Make polluters pay.
