

To our Oregon Legislatures:

I am Opposed to SB1559. This bill should not even be discussed in an emergency meeting. It should be killed. The Oregon legislatures are trying to get the Gas tax Bill on the Oregon ballot in May, instead of November. The PEOPLE of Oregon voted and signed the necessary signatures needed to get it there. Why aren't we Oregonians being listened to??? It's deceit in the highest regard on your end.
