I am grateful EVERY WEEK that there are farm stands open in my area. I admire and respect the people that run them - they are the glue of a lightly populated, large county. these people work HARD and those of us without the skill or ability to live off the land, would be lost without them. PLEASE support them! our world has always been held together by such people. please don't abandon them (and the rest of us) in favor of big business. thank you for looking out for us.
