Committee: Senate Committee On Commerce and General
Government

Measure, Appointment or SB1593
Topic:

1. Don't take away my freedom to sign a waiver.
2. Don't force money into the pockets of insurance companies.
3. Please stop lawsuit crazy country. Create some form of accountability and transparency so that safety can be rated: we need to know if a thing is safe, but we do not need insurance if we choose to do an unsafe thing.
