Measure, Appointment or Topic: SB1593

As a longtime resident of Oregon (basically growing up here), a homeowner, a parent, a business owner, and an active skier - we need to support our businesses and tourism. We need to do what we can to grow our economy. Oregon is currently the only state where liability waivers for ordinary negligence are generally not enforceable. SB 1593 would help bring Oregon in line with other states by allowing businesses to use standard liability waivers as a risk-management tool. Thus, reducing costs and bringing in more tourism/revenue to our State.
