Committee: Joint Special Committee On Referendum Petition  
2026-302  
Measure, Appointment or SB1599  
Topic:

When we signed the petition it was for the November Ballot and that is when it should be. When we sent in the testimonies the last time there was an unmistakable outpouring of people who did not want the Gas Tax. You ignored us and voted it to law which angered a lot of voters. Then Kotek sat on it till the last available moment to sign it. Signatures were gathered, it was likely in record time for Oregon, and many more signatures than was needed. I would think you could hear us by now, but you are back to tricks, We are not happy that we are being ignored, This needs to be put on the November ballot.
