Dear Joint Special Committee on Referendum Petition 2026-302,

I am writing to ask you to please do not let this go any further. The people have signed the petition to put the gas tax on the November ballot. It is not right to move it to May. The petition was approved for the November ballot and it should stay there. The people's confidence in Government and Local Government is diminishing. Moving this petition to the May ballot is telling the people that they do not matter. That their wants, requests, needs, and opinions are not being heard. Please do not allow it to be moved to May.
