When We the People of the State of Oregon signed the Referendum regarding increased taxes being levied upon us, it was with the understanding that we would see this referendum in the 2026 General Election. Instead, one single party is once again forcing their will into people by moving this referendum to the May Primary election instead. They say this is to be able to have clarity for the budget, but it's simply a political move to make it not on the same ballot as those who are looking to be reelected....such as Governor Kotek. We the People want this referendum on the ballot for the 2026 General Election in November. Stop playing games
