I can't believe that I'm being forced to give testimony in opposition for a transportation bill that you already shoved down the throats of Oregonians with 89% opposed in favor of a few special interest groups that the Oregon democrats and the governor owe, and now the 4.3 billion dollar transportation bill that you tried to force on us has become the biggest hot potato you don't want to hold onto and can't get away from fast enough. The voters have spoken and they want this bill put on the November election and for once can you please do the will of the voters. Thank you.
