On Behalf Of:

Committee: Senate Committee On Commerce and General  
Government

Measure, Appointment or SB1593  
Topic:

SB1593 would likely make Oregon outfitter guides less vulnerable to liability insurance price gouging. It would also bring Oregon back into harmony with waiver-of-liability policies among our neighboring states. My guiding service is woman/queer-owned. Please help it pass out of committee and onto the Senate floor. It's much needed.
