Measure, Appointment or SB1593  
Topic:

I am writing in support of SB 1593. Please fix this liability problem and protect one of Oregon's most important economies.

As a former board member of the Willamette Kayak and Canoe Club, a 40-year veteran of whitewater kayaking, and a current small business owner, I urge you to do what is needed to protect the future of the recreation industry in Oregon. As a land use planning professional, I see everyday the the costs and benefits of public process and you must bring Oregon laws in alignment with adjacent States. Running a small business is already hard enough...please help out small business owners who are trying to stay above water! Thanks for considering this important issue.
